

*This petition is used to request a review of tuition classification from In-State to In-District.*

The Colorado Mountain College Board of Trustees has authorized individuals otherwise classified as in-state for tuition purposes to pay the in-district tuition rate after being domiciled in the CMC District for 32 days or more. This form is used to assist the college in establishing your eligibility for this tuition rate. If you are 23 years of age or older and have been classified as in-state for tuition purposes, you may apply for in-district tuition status using this form. Individuals who are under 23 years of age and/or those classified as non-residents for tuition purposes should seek assistance from the Registrar's Office in determining the correct application and documents required to petition for in-district status.
