

I understand all the Guidelines outlined on the previous page and that receiving institutions are not bound by CMC policies. Further, I understand that having this Renewal request approved may not positively impact my Financial Aid status. I have met with a College Counselor or Academic Advisor and copies of the typed narrative detailing the reason(s) for the Renewal request and plan for academic success are attached.

I am responsible for investigating the potential impact of the Academic Renewal process on admissions at transfer institutions, financial aid grant and loan limits, Veterans Affairs benefits, and other agencies that limit credits attempted.
